BREACH: Upon failure to make payment or perform any obligation under this agreement, the Cooperative shall have the right to discontinue service as well as such remedies as may be provided by law. The Cooperative's LIABILITY IS LIMITED as provided in its tariff.

MEMBER'S INSTALLATION: Member warrants that his or her installation (including all conductors, switches, equipment, wiring, and protective devices of any kind) is constructed and will be maintained in accordance with the National Electric Safety Code of the American Standards Association as well as applicable laws or ordinances.

ENTIRE AGREEMENT: This agreement constitutes the entire agreement between the parties and supersedes all prior agreements between Member and Cooperative for the service herein described. Member agrees that the Cooperative, its agents or employees have made no representations, promises, or any inducements, written or verbal, which are not contained herein.

Member agrees to pay \$25 membership fee to grant to the Cooperative at its request the reasonably necessary rights, privileges, and easements to construct, operate, replace, repair, and perpetually maintain on the property owned or leased by the Member, and in or upon all roads, streets, or highways abutting said property, its line or lines for the transmission or distribution of electric energy and will execute and deliver to the Cooperative conveyance, grant or instrument which the Cooperative shall deem necessary for said purpose or any of them. All poles, wires, and other facilities including any main service entrance equipment installed on the premises described in this application, at the Cooperative's expense, shall at all times be the sole property of the Cooperative and the Cooperative shall have the rights of ingress and egress to said property over the lands owned or leased by the Member to repair and service and upon discontinuance of service for any reason to remove the same.

WISE ELECTRIC COOPERATIVE, INC

POLICY NO. 52

SUBJECT: STRUCTURES PLACED OR CONSTRUCTED UNDER OR OVER POWER LINES

To avoid risk to life, bodily harm and suffering, and financial liabilities, the Cooperative will comply with mandatory requirements established by federal, state, and local laws and the orders and regulations of administrative bodies relating to safety standards and practices regarding the placements of structures within the vicinity of an electric power line, either overhead or underground.

- A. At the time Cooperative representatives meet with the applicant for electric service to determine the routing and placement of electric facilities, the applicant will be advised of the following and requested to sign an agreement stating.
 - 1. No structure will be located within the proximity of the power line, either overhead or underground, in violation of safety clearance code.
 - 2. If structure should be so located without proper clearance, consumer will :
 - a. Relocate it at his/her own expense the structure so that safe and adequate clearance between the structure and power lines is established; or
 - b. Pay the full cost to the Cooperative for the relocation of electric power line and electric facilities.
 - c. No structure shall be located above underground power lines which shall in any way interfere with the Cooperative's access to those lines.
 - 3. Refusal to comply with the above provisions may result in disconnection of electric service by the Cooperative as provided in Section III of the Cooperative's Service Rules and Regulations filed with the Public Utility Commission of Texas.
- B. Existing services, when known to be in violation of this policy, will be contacted, informed of the serious safety hazard that exist and advised of the above options.
- C. New services in violation of this policy, will not be connected until the violation is corrected.
