

My Helping Hand Energy Assistance Pledge

This authorizes Wise Electric Cooperative to include the following as a contribution to my monthly electric service bill to support the Helping Hand Program, a tax-deductible contribution. I understand this will become effective with my next electric bill and remain in effect until I notify Wise Electric Cooperative to change the authorization. I also understand that the amount I authorize for the Helping Hand Program will not be subject to local taxes or other additional charges.

*Round up my bill \$1.00 \$5.00 \$10.00 \$15.00 \$25.00
(circle which method or amount you prefer)

*If you choose to round up your electric bill, this simply means that your electric bill will be rounded up to the next even dollar amount (e.g. an electric bill totaling \$45.35 will be rounded up to \$46.00). The yearly average for this method is approximately \$6.00 per year, and will not exceed \$12.00 per year.
